Tasman™ Mk3

Application / Description

Single or Multi point hinged security or screen door lock.

Features and Specifications

DUALSELECT

- DualSelect offers safety and security for all occupants by giving a choice of selecting privacy-lock or deadlock when exiting the home. Turning the key to the first selection engages the privacy-lock, which offers security from the outside whilst allowing occupants inside to safely exit using the internal privacy snib. The second selection engages the deadlock, which provides security, but requires the key to unlock the door from inside and outside
- Internal padlock symbol denotes door is in deadlock mode
- Contemporary styled furniture with pre-assembled handles and snib
- Patented anti-jimmy extra wide serrated locking bolt

S7 SECURITY

D8 DURABILITY

- High performance lock meets or exceeds relevant requirements of Australian Standard AS 4145.2-2008 to Level S7 and D8
- Successfully tested on security screen doors in accordance with Australian Standard AS 5039-2003: Security Screen Doors and Security Window Grilles and AS 5041-2003: Methods of test
- Patentable features for centre and auxiliary locks
- Fits industry standard cut outs
- Retrofits previous Whitco Tasman lock
- Zinc diecast lock mechanism and furniture
- Easy installation
- Suits either left or right hand opening hinged security and screen doors
- Mortice lock with inside snib
- Key overrides snib
- Automatic latching
- Accepts Whitco Euro profile lazy cam cylinder
- Suit standard 20 mm door thickness
- Stainless steel strikes

Available in Display Pack only.

Aluminium Steel

Keying

- Use with Whitco Euro profile lazy cam cylinder locks
- 2 x 5 pin cylinder
- 2 x 10 disc cylinder

Tasman™ Escape

Application / Description

Emergency escape hinged security or screen door lock. Free to exit at all times.

Features and Specifications

The lock status indicator positioned above the cylinder provides visual indication of the lock's status. In the vertical position the indicator shows that the Tasman Escape is unlocked. In the 45 position the indicator shows that the Tasman Escape is locked from the outside.

- Easy installation with pre-assembled handles
- Patented anti-jimmy serrated locking bolt
